Description

Spear & Jackson 4655TS Mini Topiary Shears

Now the weather has cooled, it's time to get those box balls, cones and dwarf hedges cut back into shape.

Based on the design of traditional sheep shearers, these light weight and smooth action shears are held in one hand and used to lightly clip this year's growth.

Compact in shape, they are ideal for confined spaces and feature shorter blades to allow closer, more precise cutting.

Feature Carbon Steel blades for long lasting sharpness and soft feel handles for safe & comfortable use.

Removing only a little at a time, there's no chance of slipping up and disfiguring, whilst giving a satisfyingly neat, tidy and well manicured look.

We have a great range of products to help you create your perfect garden, so why not browse our huge **Garden Collection** today.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
