## Description

### Hammerite Metal Smooth Paint 750ml

Hammerite Metal Smooth Paint is durable, corrosion resistant decorative coating for ferrous and non-ferrous metals, certain plastics and wood. This is a brilliant gloss finish which will retain its sheen for years.

Preparation required varies according to the surface to be painted but note that preparation is the key to a successful outcome of any decorating task and it may well take longer than the painting of the area itself.

Also available in Aerosol, 250ml, 2.5L & 5L. Why not click [HERE](#) to check our extensive Paint & Preservatives range.
