Description

Spear & Jackson Razorsharp 27" (700mm) Bypass Loppers

These Spear & Jackson Bypass Loppers have a maximum cutting diameter of 42mm making them a great addition to any gardeners tool shed.

The C50 carbon steel blades are hardened and tempered for durability whilst the PTFE coated blades help prevent rust resistance and provide a smoother cutting action.

Extending user working time, they are constructed using lightweight tubular handles and fitted with non-slip grips for added comfort & safety.

Particularly suited for cutting living plant tissue.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
