Description

Deerhunter Men's Muflon Light Jacket Art Green

The Muflon Light jacket is part of the lightweight hunter series designed for active hunting in temperate climate.

Boasting 4-way stretch technology which provides good comfort and free movement, and in the side under the arms, a soft contrast fabric has been used to minimize noise.

It contains a Deer-Tex® Performance Shell, and is therefore windproof, waterproof and breathable and keeps you warm in temperatures down to -5°C.

In the series, the design is inspired by the Muflon sheep - a difficult exchange with sharp senses, both visual, hearing and sense of smell that are good at adapting to nature and its climate change.

Multiple pockets for all needs: Oblique radio pocket with antenna string, 2 lower front pockets with integrated cartridge pockets, two hand warmer pockets with zips and 1 chest pocket.

The wealth of smart features also include – waterproof zippers, detachable hood, soft underarm detail to minimise noise, four-way stretch fabric and a stylish design are just some of the details you can look forward to.

100% polyester- Machine wash inside out and with similar colours without the use of fabric softener.

A truly amazing coat for all weathers regardless of which sport it is used for!

PLEASE SEE ATTACHED IMAGE OF SIZING GUIDE TO ENSURE THE RIGHT SIZE IS PURCHASED
