Seeland Helt II Trousers Grizzly Brown

Like the jacket, these Helt trousers have been upgraded for warmth & weatherproof making them ideal for driven hunts.

As well as being windproof and waterproof due to the SEETEX® membrane, they includes a wealth of useful functionality, prompted by the feedback received from experienced hunters.

Excellent for autumn and winter days, in cold and changeable weather, rain, sleet or snow. They have long, mesh-backed zips on the upper thighs, to provide ventilation, while keeping out dirt and the like.

The trousers have a high waist at the back, to keep you covered when bending down or sitting at your post, and there are braces button on the waist. Other features include slanted front pockets and two large pockets on the thighs. The right-hand thigh pocket contains a 4-shot cartridge holder, and the pockets have silent magnetic closures, for access to your cartridges without disturbance. There is also a handy knife pocket on the upper right thigh.

Designed with articulated knees, so they won't ride up when you sit down, there are velcro adjusters behind the knees. Reinforced with extra durable fabric at the knees and ankles the ankle adjustment straps allow a close fit around your boots. Complete with small hidden metal hooks at the ankles to attach to your bootlaces, to prevent the trouser legs riding up as you move.

Team together with the **Seeland Helt II Jacket** for extreme hunting protection this season.

UK Sizes: 34-40" Waist. Please refer to Seeland size chart when ordering.
