Description

Lighthouse Elite Mini LED Lamp 500 Lumens (Assorted Colours)

Compact yet powerful, this pocket-sized, double function lamp operates as a torch or work light.

Super versatile, it offers two types of light output using either a 3W LED spotlight providing a 250 lumen spot beam, or a bright 500 lumen COB LED work light.

The light output of both functions can be dimmed by holding the power button down and the lamp can provide a spot beam for up to 3 hours or 1.5 hours on the work light setting.

A large pocket clip allows the torch to be attached to clothing or a belt, whilst the fold-out hook adds extra versatility. A strong magnet in the base enables the torch to be fixed to metalwork.

Ideal companion for all trades and around the home or car.

Battery operated: 3 x AAA (supplied).

Available colours: Blue, Red or Black. Priced per unit.
