Description

Briswim Supershock Chlorine Granules

The Briswim Supershock Chlorine Granules are an ideal way to short treat your pool before warm weather and swim season gets started.

One of the best treatments on the market today, dose to kill algae, bacterial and microorganisms water impurities?

Chlorine binds to other chemicals like ammonia and nitrogen, which render it inactive and reduces conditions.

The shock treatment eliminates the combined chlorine which is why an occasional dose is advised.

Available in 5kg.
