22-05614

Our Price: £19.99

Description

Napier Pro9 Noise Cancelling Hearing Protector

Ideal for Clay & Game Shooters. Lets you hear what you need to hear and protects you from what you don't.

Pro 9 Noise Cancelling Hearing Protection provide the same protection as some of the most expensive electronic shooting ear defenders, and are more advanced than standard shooting ear plugs.

Using effective Noise Cancelling technology without batteries, electronics, valves, or any moving parts, the pro 9 allows you to hear speech whilst cancelling out the damaging sounds!

Unique patented sound chamber technology, directs damaging sounds away from the ear canal, where they are dampened, refracted and cancelled.

The effect is amazingly clear low level sounds such as speech, but with highly efficient protection from damaging noise levels such as gunfire with over 32 Decibels of noise reduction, evenly across all frequencies.

Always ensure you select adequate ear protection for the type of shooting you are participating.
