Description

Hozelock 2159 Kitchen Tap Connector

For modern kitchen taps, that have an aerator cartridge, this mixer connection provides a secure method for temporary attachment of Hozelock connector.

Easy to fit, simply remove the existing aerator cartridge from the end of the tap, and then screw in the new Hozelock cartridge.

The new cartridge protrudes by an extra 8mm and there is a 3/4" bsp thread on the protrusion.

For optimum use, the tap connector can be left connected by unscrewing the plastic component and storing in a kitchen drawer.
