

Scan Twin Half Mask Respirator & Cartridges

21-19059

Our Price: £43

Description

Scan Twin Half Mask Respirator & Cartridges

Offering maximum protection and comfort, this premium half mask has an extra wide sealing surface for unparalleled comfort and fit.

Manufactured from hypo-allergenic thermoplastic rubber with a wide adjustable elastic strap and fully adjustable four point cradle suspension.

The low profile angular filter design allows for minimum visual impairment whilst the low resistance exhalation valve allows for easy breathing.

Conforms to EN 140:1998.

Supplied with 2 x A1 Cartridges for organic vapours and gases, conforming to EN 14387:2004 + A1:2008.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
