## Description

The HC-2020R is a twin blade hedge cutter with a low emission 21.2cc, professional-grade engine. Lightweight, and well balanced with a rotatable handle. It features laser-cut double-edged Japanese cutter blades for long-lasting sharpness and has an effective cutting length of 534mm.

Lightweight and extremely well balanced, the HC-2020R is ideal for homeowners and light-use professionals.

The 5-position rotating handle allows the operator to use the machine at different angles for comfortable operating in all positions.

Yes, you did read that right. You can have absolute confidence in the Echo equipment. Echo is designed to be durable and to do what you ask it, wherever you take it. Not only that, their products are built to the highest standards of quality and performance. The warranty is their statement of confidence and their badge of honour. ECHO – world-class technology.

Five years is a long time. Longer than you'll get from most of the equipment you buy. That's because Echo stand behind their products. Echo have been building equipment for professionals for over sixty years and that has given them an exceptional level of engineering and manufacturing expertise. As a home owner, you want long term dependability enjoyed by professionals, and a well built product that you can buy with confidence.
