Toro 21771 Recycler 55cm Petrol Lawnmower

WY-MW21771

Description

Toro 21771 Recycler 55cm Petrol Lawnmower

Mow large lawns up to 1,000 square metres with ease with this petrol-powered Toro Recycler with Automatic Drive System. The Automatic Drive System smoothly adjusts mower speed to your preferred walking pace. Featuring Vortex Technology, airflow is super charged, pulling grass upright for better cutting.

In combination with the wide-mouth grass bag's capacity of up to 63 L, you'll spend more time mowing instead of emptying. The handlebar is adjustable for added comfort, and you can also easily adjust the mower to your preference of recycling, bagging, or optional side discharge.

Featuring a wide 55 cm cutting width and a powerful Briggs & Stratton® 163 cc engine, it's built to handle large lawns. With Recycle on Demand, you can switch from bagging to mulching in seconds with a flip of the quick-change lever – and the bag can stay mounted in either mode.

2-year Guaranteed-To-Start Warranty.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
