Toro 21693 55cm Super Recycler

WY-MW21693

Description

Toro 21693 Super Recycler 55cm with SmartStow

With a powerful Briggs & Stratton® 163cc engine and a wide 53 cm cutting width, this petrol-powered Automatic Drive Toro Super Recycler handles lawns up to 500 square meters with ease. Featuring Vortex Technology, airflow is super charged, pulling grass upright for better cutting.

In combination with the wide-mouth grass bag's capacity of up to 63 L, you'll spend more time mowing instead of emptying. The durable and rust-free cast aluminium deck leaves a beautiful finish and is covered by a 5-year Limited Warranty.

The self-propelled Automatic Drive System smoothly adjusts to your preferred walking pace, and you can set the mower to your preference of recycling or bagging. You'll save storage space thanks to the Quick Storage Handlebar that lets you stow the handle in the upright locked position.

5-year Guaranteed-To-Start Warranty.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
