Our Price: £97

Description

Diamond Hinge Joint 50M Medium Stock Fence C8/80/15

The most popular type of agricultural wire netting supplied in the UK market, this galvanised stock fencing is suitable for sheep, pig and livestock.

Exceeding British Standards BSEN10244, the XTREME reinforced coating provides a protection that lasts 3-4 times longer than commercially galvanised stock fence.

Steel starts to rust when in contact with oxygen and air humidity but the XTREME reinforced coating protects it against corrosion due to oxidation, which is superior to traditional galvanisation.

Manufactured to BSEN 10223-5 and compatible with Clipex Eco posts.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
