Our Price: £265.01

Description

MS 172 PETROL CHAINSAW: PERFECT FOR LANDSCAPING AND PROCESSING WOOD IN HOME GARDENS

The STIHL MS 172 petrol chainsaw is a powerful petrol chainsaw for homeowners, gardeners and landscapers. Whether you are cutting firewood, doing grounds maintenance or felling small trees, the MS 172 is an ideal choice that packs plenty of power to get the job done.

Powered by a STIHL 2-MIX engine, the MS 172 has great cutting performance and low fuel consumption. It's available with a 12" or 14" guide bar and fitted with a 3/8" P saw chain which has high cutting performance thanks to the narrow kerf. The STIHL anti-vibration system reduces transmission of vibrations to the handle, which relieves strain on your muscles and joints. The MS 172 has single-lever operation and is effortless to restart after interruptions thanks to the combi-lever. It's also fitted with a transparent fuel and oil tank, so you can clearly see when the chainsaw needs a fuel or oil top up.

Instruction is necessary to recognize or assess the dangers of a chainsaw. Please wear protective clothing and equipment.

- Petrol chainsaw for cutting firewood and for grounds maintenance
- Easy handling thanks to the single-lever operation and stop button
- STIHL anti-vibration system provides comfort even on long working days
- Side-mounted chain tensioning
