

Bollé Silium+ CSP Lens Safety Glasses

21-11974

Our Price: £13.99

Description

Bollé Silium+ CSP Lens Safety Glasses

Inspired from Silium, these Bolle Safety Glasses are made from ultra lightweight polycarbonate, and an excellent choice if you're looking for a combination of style, ergonomics and performance.

Resisting low energy impact, the spectacles have a non-slip nose bridge, straight yet highly flexible temples along with an anti-fog, anti-scratch Platinum coating guaranteeing greater reliability and safety.

Featuring CSP technology, an innovative coating for all activities that alternates exposure to bright and low light, these glasses are equally suited to extreme temperature environments.

Certified: Frames (EN166 FT) & Lens (1 KN FT).

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
