Description

Flymo FLY066 34cm Genuine Replacement Blade

Keep your lawn looking healthy and your lawnmower in top condition, by replacing the blade when they become dull and worn.

Without regular maintenance and re-sharpening, over time your lawnmower blade can begin to erode leaving the blade worthless and not adequate for grass trimming.

Replace your old and worn blade with this genuine replacement.

Suitable for Flymo Chevron 34C & 34VC.

Most lawnmower spare cutter blades are surprisingly simple to remove, sharpen or replace; just see your user manual for instructions.
