Description

Johnston & Jeff Peanuts

Peanuts are a vital source of oils, proteins, and energy, and are highly digestible, making them an essential food for various birds. Our peanuts undergo rigorous testing for mould and aspergillus spores before they are used in production. It's important to feed whole peanuts exclusively from a mesh feeder to prevent harm to small birds and fledglings from large pieces. This is the reason we incorporate Peanut Granules in our wild bird blends instead of whole peanuts.

These Peanuts suitable for a wide range of birds, including Blue Tits, Coal Tits, Bramblings, Bullfinches, Great Tits, Great Spotted Woodpeckers, Greenfinches, House Sparrows, Tree Sparrows, Nuthatches, Buntings, Siskins, Song Thrushes, Mistle Thrushes, and Starlings.

Available in 2kg Bags.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
