Description

Portek Maxi Mk 2 Chainmaster Sharpener

Get the best out of your chainsaw this season with the Portek semi-professional Chain Sharpener.

Designed for the frequent and professional user, it is fast and easy to use keeping chainsaw chains of all makes & sizes at peak performance.

Motor: 240v, 85W, 4,200 rpm with a fully adjustable 0 - 35° cutting angle.

For user safety and precision results every time, boasts a built in 'AUTO CLAMP' feature to secure the chain in place whilst the sharpening wheel is lowered onto the chain.

Replacement Grinding Wheels can be ordered separately. 4.5mm Thick (Part No: 092/01) & 3.2mm Thick (Part No: 092/02).

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
