Stihl HT 135 Petrol Pole Pruner

SH-41822000198

Description

STIHL HT 135 Telescopic Pole Pruner – Precision, Power & Performance

The **STIHL HT 135** is a professional-grade telescopic pole pruner designed for effortless tree maintenance. Featuring a **lightweight magnesium gearbox** and a **high-torque 4-MIX engine**, it delivers powerful cutting performance while ensuring efficiency and comfort during extended use.

Key Features:

- **High-Torque 4-MIX Engine** – Powerful yet fuel-efficient, with low emissions and easy starting thanks to the manual fuel pump and automatic decompression.
- **Lightweight Magnesium Gearbox** – Robust yet energy-efficient for prolonged operation.
- **Effortless Pruning** – The integrated branch hook aids in clearing cuttings, while lateral chip ejection prevents clogging for uninterrupted work.
- **Ergonomic & Comfortable** – The multi-functional handle ensures easy control, while the STIHL anti-vibration system reduces strain on muscles and joints.
- **Telescopic Reach** – Adjustable from **270 cm to 390 cm**, reaching heights of up to **5 metres**.
- **Efficient Lubrication** – The 1:1 oil-to-petrol ratio means no need to top up chain oil between refuels.
- **Optimised for Comfort** – Supplied with a padded shoulder strap and RTS harness mounting clamp for reduced fatigue.

Compatible with **1/4" P or 3/8" P cutting attachments** for precision cutting.

Note: The exterior design of STIHL guide bars may vary, but all technical specifications remain unchanged.

Get the **STIHL HT 135** today – engineered for power, precision, and professional performance.

We are an authorised **Stihl** dealer and can provide full service back up and maintenance for your Stihl equipment.
