Description

Mr Fothergill's Enriched Seed Compost 10L

This peat-free, coir-based seed compost is specially formulated to support seed germination and encourage strong root development, creating the ideal foundation for healthy plants.

Enriched with slow-release nutrients and seaweed, it provides a balanced feed from germination through to seedlings, ensuring steady, sustained growth.

Designed to retain moisture effectively, it helps maintain the perfect environment for delicate young plants.

Supplied in a biodegradable bag, it offers an eco-friendly solution, doubling as a convenient watering container for easy use.

A sustainable and hassle-free choice for gardeners looking to grow strong, vibrant plants with minimal effort.

Just add 3 litres of clean, lukewarm water for 10 litres of ready to use compost in just over 5 minutes.

We have a great range of products to help you create your perfect garden, so why not browse our huge **Garden Collection** today.
