Description

Werner 8 Tread Fibreglass Platform Step Ladder

The Werner 717 Series 8 Tread Platform Stepladder is built for demanding professional environments.

Constructed from non-conductive seven-layer fibreglass rails, it's highly resistant to weathering, corrosion, and ideal for working near electricity.

With a platform height of 1.87m, it offers a safe working height of up to 3.62m*. The integrated multi-functional HolsterTop™ keeps tools and equipment within reach, reducing the need to climb up and down.

Slip-resistant steps and EDGE® bracing enhance safety and durability, making this ladder a dependable choice for any jobsite.

Maximum load capacity: 150kg (23st 9lb). Safe Working Height (m): 3.62m (11ft 10in).

Approved to the latest EN131 standard. For professional use.
