Description

Dokken's Dead Fowl Mallard Dummy Trainer

Dokken's™ DeadFowl Trainer is expertly designed to teach dogs proper retrieving technique by mimicking the weight, feel, and handling of real game birds.

Featuring a soft, scent-injectable body and hard ends, this lifelike dummy encourages dogs to carry game correctly.

The free-swinging hard head discourages aggressive shaking by delivering a natural corrective tap to the dog's snout, promoting a more disciplined retrieve.

Ideal for upland and waterfowl training, it's a proven favourite among professional trainers and dedicated handlers alike.
