

Silky Hayauchi 6300 Pole Saw

SL-179-39

Our Price: £340.49

Description

Silky Hayauchi 6300 Pole Saw

The oval shaped extension poles provide precise control over the direction of the blade and giving strength and rigidity to the pole thus reducing bending to the minimum. The based of the poll is built with stability in mind and the rubberized grip allows for comfort and control. Perfect for those high and difficult jobs, the blade can be adjusted to two different angles for lower or higher cutting and features an upper and a lower sickle.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
