Description

Mr Fothergill's Plantable Pots Mini Greenhouse Kit (16 Plants)

Grow stronger, healthier plants with these eco-friendly, peat-free coconut fibre pots—an ideal solution for seed starting and young plant development.

Designed to encourage unrestricted root growth, these biodegradable pots break down naturally in the soil, helping you transplant seedlings with minimal root disturbance.

Perfect for use indoors or in the garden, each pack supports up to 16 plants for a cleaner, greener growing experience.

Includes a clear humidity lid and tray to help seedlings grow.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
