

Private: Stihl MS180 Chainsaw

SH-11302000368

Our Price: £255

Description

Compact chainsaw for cutting firewood and property maintenance. The economical 2-MIX engine supplies the saw with plenty of power, whilst remaining light and well balanced. Easy access to side chain tensioner offers a simple approach to basic maintenance.

Anti-vibration system - Intense vibration at the handles of power tools can lead to long-term effects on blood vessels in the hands and arms. STIHL has therefore developed an effective anti-vibration system whereby the oscillations from the machine's engine are dampened which significantly reduces vibrations at the handles.

Single-lever master control - All important functions such as start, choke, throttle and stop are operated via a single lever.

Side chain tensioner - The tensioning screw can be found on the side of the chain saw through the sprocket cover. This removes the need for contact with the sharp saw chain.

We are an authorised **Stihl** dealer and can provide full service back up and maintenance for your Stihl equipment.
