Our Price: £329

## Description

### Atco Quattro 16S Petrol Lawn Mower

The STIGA ST 140 engine with an automatic choke ensures quick and easy starting, while its OHV engine design provides consistent fuel intake for a smoother mow and a more long-lasting engine, along with the added benefits of fuel-saving and low emissions.

Boasting four cutting modes- collecting, mulching, rear and side-discharge - the versatile Quattro 16S is capable of handling short grass, long grass, and everything in between. A single lever enables the cutting height to be adjusted through 6 positions ranging from 22mm to 65mm. The useful and capacious 60-litre grass-box is made from fully-collapsible textile fabric for easy storage and has a grass-full indicator, so you can focus on continuous mowing.

A washing link allows you to clean corrosive debris quickly from the undercarriage, protecting the mower and extending its lifespan. The Quattro 16S 4-in-1 is a fabulously popular walk-behind lawn mower at a superbly economical price.

This model is ideal for areas up to 900m<sup>2</sup>.

We are an authorised [Atco](#) dealer and can provide full service back up and maintenance for your Atco equipment.
