Tricoflex Hose Pipe 12.5mm x 50m

47-34150

Description

Tricoflex Hose Pipe 12.5mm x 50m

The multi-layer design, made of an exclusive woven fibre and a double core layer, ensures that Tricoflex is highly flexible for easy handling.

Resistant to abrasion, bad weather conditions, UV, crushing and repeated pressure cycles, the low curve radius prevents kinking and the ultimate difference to everyday and long term use.

Featuring a tough yet soft Yellow PVC coating for an ergonomic feel and protection of inner layers, the lining is extremely smooth to maintain a consistent even flow.

A high quality hose suited to all types of watering applications.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
