Our Price: £355

Description

Hendon GMF300 10ft Aluminium Tripod Ladder

*** CLICK & COLLECT, FREE LOCAL BRANCH & NATIONWIDE DELIVERY (Excludes Congestion Charging Zone) ***

This Tripod Ladder from Hendon offers a practical, well-designed solution to working at height, from topiary, bush, tree or hedge trimming, to gutter cleaning or painting.

With an incredibly stable foundation thanks to its three-leg design and wide base, this versatile ladder is stable on uneven ground meaning it can be used in complete confidence with no extra need for a second pair of hands as support.

The adjustable telescopic third leg allows the ladder to easily straddle shrubs and low fences and walls, making it easy to set up in the ideal working position. Clawed feet add extra grip, while broad double rung steps mean it is comfortable to stand and work on.

Able to handle a Safe Working Load up to 150kg and the only ladder in the UK market to be tested to BSI EN131 standards, the Hendon Tripod Ladder is the no.1 choice by professionals today.

Overall weight: 10.2kg. 10 Steps. Protective rubber feet not included.
