

Stihl BR600 Backpack Blower

SH-42820111629

Our Price: £700

Description

Stihl BR600 Backpack Blower

Powerful backpack blower. With very high air throughput for the most extensive cleaning tasks. Superb power to weight ratio. Excellent anti-vibration system and ergonomic carrying frame. Innovative 4-MIX® engine for a more pleasant sound, low fuel consumption and low emissions.

Stihl 4-mix engine - You can always rely on STIHL to keep setting new benchmarks this time with 4-stroke mixed lubrication technology. The STIHL 4-MIX® engine, which runs on a fuel-oil mix just like a 2-stroke, offers the benefits without the compromises of 4-stroke power. STIHL 4-MIX® engine technology provides fast acceleration, more power, added torque, lower noise, reduced emissions and increased fuel efficiency to complete jobs quickly and more easily.

Anti-vibration system - Intense vibration at the handles of power tools can lead to long-term effects on blood vessels in the hands and arms. STIHL has therefore developed an effective anti-vibration system whereby the oscillations from the machine's engine are dampened which significantly reduces vibrations at the handles.

Multi-function control handle - Easy, comfortable thumb-operated control means the operator's hand never leaves the handle

Ergonomic harness with hip belt - The ergonomic harness with hip belt offers carrying comfort, with height and strap adjustment. The hip belt also aids comfort when working for prolonged periods of time.
