Our Price: £340.01

Description

Stihl BG 86 Petrol Leaf Blower

These are the NEW version of Stihl BG86 (previously labelled as C-E) that now come with Ergostart as standard.

Suitable for clearing large areas of leaves and grass, suitable for use in very dusty areas, thanks to the new HD2 air filter. Round nozzle, flat nozzle supplied as standard. Stihl anti-vibration system. Stihl Ergostart means an even pull on the starter cord tensions the spring against the compression pressure, Stresses caused by a jerking motion are avoided. The spring automatically releases the stored energy to the crankshaft, starts it moving and ensures that the engine will start reliably. The Stihl 2-mix engine is both powerful and economical, Separating the exhaust emissions from the unburnt fuel minimises flushing losses, thereby increasing power out. locking throttle lever with stop button.

Manual fuel pump (Purger) -A small fuel pump delivers fuel to the carburettor at the touch of a button. This reduces the number of starting strokes required following extended breaks in operations.

HD2 Filter - The HD2 filter, made from polyethylene filter material, has pores that are up to 70% finer than those of fleexe and polyamide filters and therefore eliminates even the finest dust. In addition, it repels oil and water and is therefore very easy to clean. The PET filter cartridge can be removed and inserted without tools.

Anti-vibration system -Intense vibration at the handles of power tools can lead to longer-term effects of blood vessels in the hands and arms. STIHL have therefore developed an effective anti-vibration system where by the oscillations from the machines engine are dampened which significantly reduces vibrations at the handles allowing for more comfortable and safer operation.
