## Description

### Stihl RE98 pressure washer

The Stihl RE98 pressure washer is a new compact cold water high pressure cleaner with 110 bar operating pressure. The Stihl RE98 is fitted with trolley and telescopic handle for easy transport and storage. Hose and swivel power cable holders, rotary and fan jet nozzles and a detergent spray set all come as standard, with practical integrated nozzle storage too. Maximum water throughput 440 l/h.

Attachments are extra.

"Great at cleaning our patio, the Stihl RE98 was impressive at removing even the most stubborn of algae and muck using its rotary nozzle. The

grouting was left intact and we felt fully in control of the machine throughout testing, even when the pressure was full though there was quite a bit of dirt sprayed up (be sure to wear waterproof clothing)!" Tested - April 2018
