Description

Honda EU30I Generator

Quiet 3000w portable with Inverter technology the Honda EU30I Generator is so quiet you'll hardly notice it's there. The noise-reducing muffler, casing and acoustic panelling greatly reduce the machine's operational noise. Working on your own? A generator can be a tricky thing to move around. That's why we've added smooth and stable wheel attachments to allow one person to easily manoeuvre the unit.

We are an authorised **Honda Dealer** and can provide full service back up for your equipment. Check out other products in the range:

Honda 435LE Strimmer **Honda 536VK Walk behind mower** **Honda chainsaw** **Honda HF 2417HM Petrol Lawn Tractor**

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
