Our Price: £145

Description

Muck Boot Unisex Woody Max Tall Boots Mossy Oak

Designed for extreme winter conditions, the Woody Max boots deliver exceptional warmth and comfort.

Featuring a soft fleece lining and a 5mm neoprene inner boot, they provide insulation against harsh Arctic temperatures.

The stretch-fit top-line binding ensures a snug fit, keeping warmth in and cold air out.

For all-day comfort, the boots are built with an EVA moulded sole and an additional 2mm thermal foam underlay for extra insulation.

The rugged, durable outsole offers superior traction and protection, making them the perfect choice for muddy or frozen terrain.

Whether tackling icy paths or deep snow, these boots keep you warm, dry, and comfortable in the harshest conditions.

UK Size: 4 - 14.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
