## Le Chameau Men's Chasseur Cuir Leather Lined Boots

Fully lined in soft, full grain leather, the Chasseur is the flagship boot in the Le Chameau range and instantly recognisable on the field.

Featuring Kevlar reinforcement to the front for extra protection against abrasion alongside a heavy duty watertight a full length zip and snap for easy on-off action, the boot also boasts a thick, supple full grain leather lining which encloses the foot for superior comfort. Treated to resist dampness, the leather remains supple, even in contact with water.

A dual-density Grip sole absorbs shock and features a shank reinforcement board for better stability and anti-fatigue arch support. Quick-drying removable leather insoles cushion the foot whilst providing additional insulation.

Created, developed & enhanced for hunting and keep you outside for longer without limitation, these leather lined boots were born ready for long winter days and all the season has in store.

Colour: Vert Vierzon.
