Liveryman Classic Rechargeable Trimmer (guaranteed Doe Show 2019 prices whilst Stocks last)

The Classic is a multi-use animal trimmer suitable for both large and small animals providing fast, accurate and powerful clipping using titanium coated steel blades.

Ergonomic & lightweight to handle, this is the first clipper to market featuring a super quiet brushless motor and boasts a 10,000 hour lifetime; a whopping 10 times longer than conventional clippers.

The ceramic blade is longer lasting and should give over 200 hours of use and with no air vents to clog from dirt, hair or dust there is no loss of performance during the clip cycle. Clean and oil as per instructions, these clippers offer long term reliability and low maintenance in-between use.

No need for tensioning either, simply line up the comb and snap on, the cutting depth is fully adjustable from close to medium dependant on the time of year or need.

Ideal for the up and coming Equestrian Showing Season and perfect for those hard to get to or sensitive areas where a full body clipper is inappropriate.

The Classic comes in a convenient pack with oil, brush and x 4 combs 3, 6, 9 & 12mm as well as a charging stand.

12 month manufacturers warranty.
