# Zero In Ultra Power Sticky Fly Roll

38-05189P

## Description

### Zero In Ultra Power Sticky Fly Roll

Suitable for both domestic and commercial properties including stables & farm buildings, this handy Sticky Fly Roll provides year-round, effective poison-free fly control.

Flies are attracted to the shiny surface which is printed with a distinct fly and red line pattern design and features non-toxic, long-lasting chemical-free adhesive which will not stick to your fingers.

Easy to set-up, simply hang the fly roll in the area you wish to protect or tear of a sheet and place a warm, sunny window (ideally south facing) where flies will be easily caught.

Priced per unit: 15cm x 5m or 10m lengths.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
