Description

Amblers Mimi Womens Safety Lace Up Boot

Keeping your feet out of harms ways, these ladies Mimi boots have been designed to safeguard you at work in a stylish and dependable way.

The genuine Goodyear Welt construction ensures they are as tough and durable as they come but it's the modern accents including a cool steel grey Nubuck upper, industrial eyelets & chunky cord lacing that really stands them out from the crowd.

Packed full of safety features providing essential on site protection, they have been finished with a cushioned gusset tongue, moisture wicking mesh lining & removable PU footbed for all day, everyday comfort with plenty to ruggedness to boot.

Currently available in UK sizes 3-8.

Please be aware we have found the sizing of these boots to be a little on the large side and thus if in between sizes you may prefer to drop down a shoe size.

We are able to offer zero rate VAT on safety boots purchased by an individual for his/her own use. Please use voucher code 'novat' when you check out.
