Our Price: £85

Description

Muck Boot Muckster II Men's Ankle Boots

Whether you're out in the garden, shovelling snow in the driveway or a quick dog walk, these Ankle Boots are designed for unpredictable British weather and perfect for slipping on and off with ease.

Constructed using 4mm neoprene, they feature a breathable mesh lining to keep your feet feeling dry as the high-traction rubber outsole holds in muddy conditions, yet sheds dirt quickly and efficiently.

Fully endorsed by the Royal Horticultural Society for gardening, they are as practical as they are lightweight and ideal for year round duties and transitioning seasons where you prefer not to be bogged down with heavy wellies.

A versatile boot to stash by the back door; you'll soon wonder how you lived without them.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
