Our Price: £85

Description

Muck Boot Muckster II Women's Ankle Boots

Whether you're pottering in the garden, walking the dog or nipping to the shops, these Ankle Boots are designed for unpredictable British weather and perfect for slipping on and off with ease.

Constructed using 4mm neoprene with breathable mesh lining to keep your feet feeling cozy and dry, the high-traction rubber outsole holds in muddy conditions, yet sheds dirt quickly and efficiently.

The only Gardening boot endorsed by the Royal Horticultural Society, they are as practical as they are lightweight and ideal for year round duties and transitioning seasons where you prefer not to be weighed down with heavy wellies.

A versatile boot to put your best foot forward in and sure to leave you wondering how you ever managed without them.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
