Description

17mm Bubbletop Rubber Stable Mat (6ft x 4ft)

A popular, solid, thick rubber flooring mat, ideal for use in stables and other equestrian / industrial applications such as walkways & restricted turn out areas.

Featuring a wide ribbed construction on the underside to help improve drainage, the top side has been finished with a bubble hammer top offering a non slip surface for both shod & barefoot horses.

Non porous and easy to clean, stable mats offer enormous health benefits to the horse as well as financial savings to the owner, reducing bedding costs and time taken to muck out.

Easy to install, the heavy weight nature ensures they settle well on a variety of surfaces and less likely to move underfoot.

Overall size: 1800 x 1200 x 17mm.
