Our Price: £17.99

Description

Wolf Garten Multi-Change Dutch Hoe 13cm

The hardened, sharply ground weeding blade is constructed in a traditional Y-shape to break up soil and remove even the most stubborn of weeds.

Ideal for use in light & sandy soils, it is traditionally designed and features a one-piece blade for improved strength.

Part of the unique multi-change system, the head can be inter-locked with one of the many tool handles in the Wolf Garten range to help prevent discomfort when working.

To remove or swap it with another tool head from the range, simply press the release button on the upper part of the handle.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
