Description

Wolf Garten ZM04 Multi-Change Small Handle

This 35cm long handle is the ideal when needing a slightly longer reach over the standard sized hand tool.

Perfect for working in restricted spaces such as plant tubs, balcony boxes, tending containers as well as other confined spaces where a longer handle would just get in the way.

Made from high quality aluminium, the handle is lightweight and strong plus features the practical multi-change safety lock which guarantees a safe and secure tool-to-handle connection.

Part of the unique multi-change system, the handle can be inter-locked with one of the many tool heads in the Wolf Garten range to help prevent discomfort when working.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
