

Spear & Jackson 4164NB Elements Edging Knife

41-76164

Our Price: £19

Description

Spear & Jackson 4164NB Elements Edging Knife

The perfect tool for those gardeners who like to see a defined edge between borders, lawns and grassed areas.

Combining quality, with durability and performance, this S&J Edging Knife has been manufactured from heat treated, hardened carbon steel for added strength and features a treaded blade for comfort underfoot.

Hammer finished and epoxy coated provides improved resistance to rust, as well as scratches, humidity and alkalis found in soil.

Fitted with a natural Ash Wood shaft which has been weatherproofed in clear lacquer to protect against the elements plus a soft feel handle for comfort use & secure grip.

We have a great range of products to help you create your perfect garden, so why not browse our huge **Garden Collection** today.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
