Multi-Sharp Knife & Scissor Sharpener

ONE tool to sharpen both knives and scissors, sharp as new and an absolute must for the cutlery drawer.

Re-sharpens even the bluntest of kitchen knives, cleavers, choppers and mezzalunas. Also sharpens large and small scissors – left or right handed.

For Knives, Cleavers, Mezzalunas - With the back edge of the knife on a flat surface, simply draw the sharpener across the cutting edge. After 5-6 passes, the tungsten carbide sharpening heads restore a really sharp edge right up to the tip, even on the bluntest edges.

Scissors - Simply push the blades through the tungsten carbide sharpening head. Repeat up to 10 times, to get edges sharp enough to cleanly cut tissue paper.

NOTE: not suitable for serrated or scalloped-edges knives.

Full instructions included.
