Ward GN335 210 Litre Water Butt Kit Black

This traditional Water Butt is an easy and effective way of harvesting rainwater and a great way to provide plants with natural nutrients you won't find in tap water.

A fitting alternative to hosepipes during periods of water shortages which not only helps the environment but improves your home's water efficiency too.

Includes Lockable Lid & Tap connection, Filler & 3 Section Black Space Saver Stand.

Overall dimensions: Height 97cm - Width 57cm; ideal for medium to large sized gardens.

We have a great selection of products to keep your garden looking its best this summer so why not browse more irrigation solutions in our **Water Distribution** range.

To keep up to date with our latest news, offers and promotions; be sure to join us on **Facebook & Instagram**.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
