Description

Skinner's Field & Trial Junior 15kg

Locally produced in Suffolk, F&T Junior is a complete dog food, specially developed and formulated to support the continued growth and development of puppies and young dogs.

Carefully formulated ensuring the correct level of key nutrients are provided, this highly digestible kibble is sized and shaped to suit a broad spectrum of workers at different ages.

Junior is an ideal ration for moving puppies onto and creates a nutritional "stepping stone" from Puppy food to Adult food.

Feed from approximately six months of age (depending on breed) until both maturity is reached and growth has slowed.

Generations of puppies have been reared on Skinner's Field & Trial Junior and it remains a firm favourite with both breeders and owners today.

Skinner's Pet Foods do not use any artificial colourants or flavourings in dry dog food, so the colour of the kibble may vary.
