Tractor Ted visits a tractor factory, we find out what a slurry injector does and Les fixes a leak!

Young children love to see the real life tractors and farm machines at work in this film introduced by their favourite farm character.

Visit the New Holland tractor factory to see how their tractors are built and the big machines that are used to help plus poor Les, his day doesn't end well when he finds a water leak and ends up getting very wet!

Children will see tractors at work doing all sorts of jobs from lifting, pushing and pulling to one or two extremely smelly jobs that always make kids giggle!

Tractor Ted encourages young children and pre-school children and toddlers to listen, count, read and sing and they pick up lots of information about work on the farm and in the countryside too.
