** Please Note: We can deliver this wheelbarrow to anywhere in mainland UK (excluding the Highlands, islands and the Congestion Charging Zone) for a flat rate £40.00
**

Haemmerlin Expert 150L Farm-Equestrian Wheelbarrow

The Expert has been specifically designed to meet the needs of the horticulture, agriculture & equestrian markets and boasts the biggest capacity on a single wheeled barrow in the entire range.

To compliment the massive 150 litre Galvanised steel protection tray, the Expert is ergonomically constructed with an extra long frame to offer plenty of leg room and perfectly balanced as 2/3 of the load weight is supported by the wheel.

Unique in build, the legs have been bolted directly to the frame to afford excellent stability whilst reinforced straps & heavy duty tray supports have been added to make the overall chassis even stronger and able to transport large and heavy loads.

Bi-Material handle grips have been fitted to provide an easy soft grip across a variety of terrains whilst the pneumatic wheel features needle bearings to lessen the friction on the axle, assuring it will continue to spin around & around.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
