Our Price: £120

Description

Scare'm Monster Complete XL Kite

The Monster was designed for the toughest conditions and developed to be the scariest to birds from a long way away.

It's everything you need to scare gulls, pigeons and other birds off large cropped areas.

This large kite is constructed from heavy duty rip-stop nylon with a stroind 3.5mm diameter thick glass fibre frame.

2 metres wide by 7 metres long and flying on a 59 metre line from a tethering stake in the ground, it exploits the birds' natural fear of objects hovering overhead.

NB, because of its size and increased weight, the Scare'm Monster is not self launching.

Providing solutions for the farming industry, **Ernest Doe & Sons Ltd** are on hand for any assistance you may require when purchasing this product.
